

ACCESSIBLE TECHNOLOGIES AND MODELS WORKSHOP

Side Event at **SAMSS 2025**

11 September 2025
Southern Sun Hotel, Cape Town

A **full-day interactive workshop** on

- accessing **global and regional ocean datasets**
- using **cost-effective technologies** for data collection
- applying data in **open-access modelling systems**.
- Ideal for **young scientists and technicians** interested in learning to integrate cost effective sensors, ocean observation data, and models to strengthen coastal resilience and support the Blue Economy.
