

BlueConnect, in conjunction with the Department of Environment, Forestry and Fisheries invites you to a 1½ day kelp management workshop.

The workshop will bring together leading kelp experts, from Australia, Norway and South Africa, key representatives of the South African seaweed Industry and other scientists and managers.

Day 1: Kelp management and new technologies.

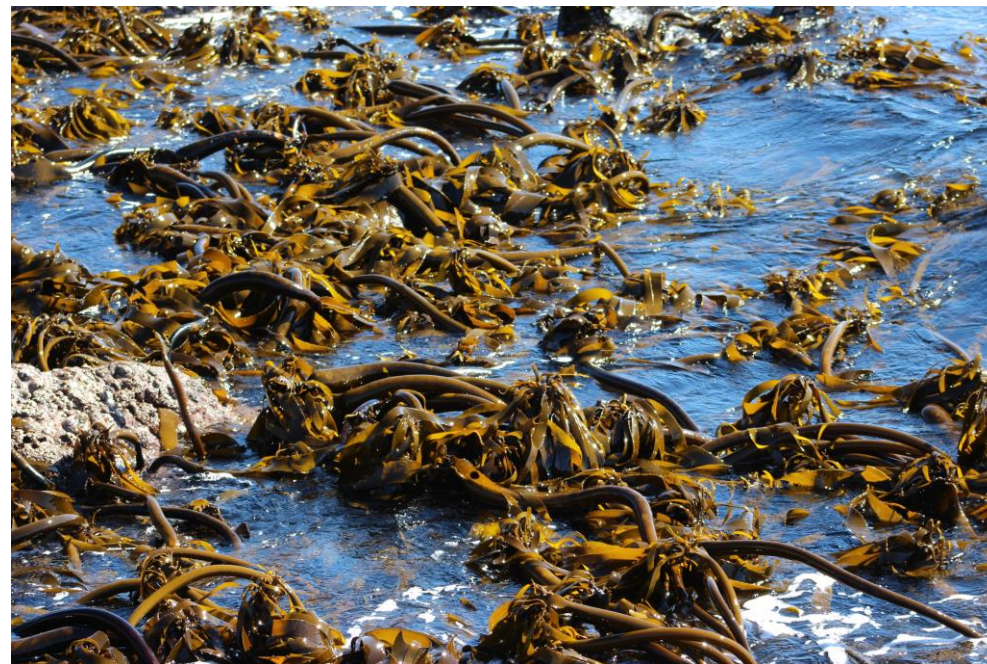

Day 2: Kelp harvesting, policy and permit conditions.

Date: 20 – 21 November 2019

Venue: Department of Environment Forestry
and Fisheries Research Aquarium, Sea Point

The Workshop is free of charge but spaces are limited.

Please reserve a space by contacting Mark Rothman (mark.rothman@uct.ac.za; 021 650 7332 (o))
