

**Position available: Aquaculture Project Leader, Northern Mozambique**

Aquaculture Consulting & Management Services (PTY) LTD is an aquaculture-focussed development and project management company. The company, through its subsidiary, ACMS Mozambique, will soon be commencing pilot project operations in Northern Mozambique with specific focus on production of tropical seaweed and sea cucumbers.

We are looking to recruit suitably qualified aquaculture personnel to join the team for a contract period of 18 months. The base will be from Hermanus, with 30 day field rotation. Salary competitive and commensurate with experience. Please send high-level CV to [gavin@acmsafrica.com](mailto:gavin@acmsafrica.com)
