

CALL FOR ABSTRACTS

UNAM
UNIVERSITY OF NAMIBIA

A Joint Research Conference of the Sam Nujoma Marine and Coastal Resources Research Centre (SANUMARC) and the Faculty of Agriculture & Natural Resources (FANR).

03 - 04 October 2019, Sam Nujoma Campus, Henties Bay

SANUMARC & FANR will be hosting a joint **Research Conference** under the theme: **“Fisheries & Agricultural Sciences as a Vehicle towards achieving United Nations Sustainable Development Goals (SDGs)”**.

For the first time, SANUMARC and FANR will jointly host a Research Conference. The conference is aimed at promoting and stimulating research, as well creating an enabling environment for scientific discussions and knowledge sharing in the following thematic areas within Fisheries and Agricultural Science in contributing to the UN SDGs:

SUB THEMES

1. Renewable Energy in Fisheries & Agriculture
2. Climate Change & Sustainability
3. Aquaculture & Inland Fisheries
4. Marine Science
5. Biodiversity Management
6. Desert & Coastal Research
7. Value Addition & Food Science
8. Natural Resource Economics
9. Technological Advances in Fisheries & Agriculture
10. Animal health, welfare, food and feed safety
11. Veterinary Medicine,
12. Wildlife Management

Abstracts of 150-200 words for any of the above formats of presentation are invited from researchers and registered postgraduate students in Namibia and beyond. Please indicate the proposed presentation format (research paper/proposal/announcement/poster) as heading of your abstract.

Abstracts should please be e-mailed to sanumarc@unam.na

Deadline for abstract submissions: 19 August 2019 at 12 pm (Namibian time)
