

Acoustics training course in South Africa

10-14 July 2017

We are planning to host a 5-day Echoview training course in Cape Town over 10-14 Jul 2017. The trainer will be Dr. Toby Jarvis from Echoview and the course will cover echo detection using echosounders, and how to process echosounder data for a range of ecological applications.

For more information about Echoview training courses, please see the course brochure on the Echoview website:

https://www.echoview.com/assets/files/PDF/Echoview-Training-brochures_20122016.pdf

If you are interested in attending, please submit your interest and learning requirements by 24th Mar via the following short online form:

https://www.echoview.com/products-services/training/learning_requirements

You can enter "Cape Town, 10-14 Jul 2017" for question 3.

The total cost of the course is fixed and will be divided accordingly among the attendees, hence the individual cost will depend on the number of attendees.

Please feel free to direct any further questions either to myself or toby.jarvis@echoview.com. We look forward to seeing you for training in Cape Town soon!

Sincerely,

Fannie
